

## EXPECT WILSON TO URGE PEACE

Washington Diplomats See Signs of Personal

HUMANITY IS THE SLOGAN

Said That President Will Not Offer to Mediate

Washington, D. C., May 19.—A belief that interchanges of views between the leading statesmen of Europe may be soon followed by a definite move toward the opening of peace negotiations prevails in diplomatic circles.

It is said that President Wilson regards the statement of the German government that it has twice declared its desire for peace on terms safeguarding its vital interests as a sufficient warrant for offering the services of the United States on behalf of peace when the allies have more definitely made known their disposition on the subject.

The president is not expected to offer mediation. Among diplomats the question discussed is whether a situation is not fast developing in which the president would solve an embarrassing situation for the belligerents if he urged the humanitarian view that an attempt ought now, at least, be made to end the conflict by negotiations.

It is denied by friends of the president

## WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says Inside-bathing makes any one look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day, it quickly ferments and generates poisons, gases and toxins, which are absorbed or sucked into the blood stream through the lymph ducts, which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but a very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation, are assured of pronounced improvement in both health and appearance shortly.—Adv.

## DO YOUR HANDS ITCH AND BURN

Because of Eczemas, Rashes, Chaps, Etc.? If So

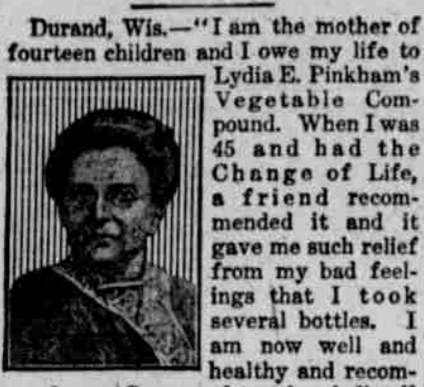

## CUTICURA SOAP AND CUTICURA OINTMENT

Will afford instant relief and quickly heal even when all else has failed. On retiring bathe the hands freely with Cuticura Soap and hot water. Dry, and rub Cuticura Ointment gently into the skin for a few minutes. Wipe off surplus Ointment with soft tissue paper or leave it on and wear old gloves or soft bandage during night.

Sample Each Free by Mail With 32-p. Skin Book on request. Address: Post-card "Cuticura, Dept. 11, Boston." Sold throughout the world.

## ELDERLY WOMEN SAFEGUARDED

Tell Others How They Were Carried Safely Through Change of Life.

Durand, Wis.—"I am the mother of fourteen children and I owe my life to Lydia E. Pinkham's Vegetable Compound. When I was 45 and had the Change of Life, a friend recommended it and it gave me such relief from my bad feelings that I took several bottles. I am now well and healthy and recommend your Compound to other ladies."

—Mrs. MARY RIDGWAY, Durand, Wis. A Massachusetts Woman Writes: Blackstone, Mass.—"My troubles were from my age, and I felt awfully sick for three years. I had hot flashes often and frequently suffered from pains. I took Lydia E. Pinkham's Vegetable Compound and now am well."

—Mrs. PIERRE COUNOYER, Box 239, Blackstone, Mass. Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dizziness, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness, should be heeded by middle-aged women. Lydia E. Pinkham's Vegetable Compound has carried many women safely through this crisis.

that he contemplates any definite proposal at this time. Such a step, it is feared, might be offensive to the allies. The view is held, however, that in the present situation some action may be warranted.

"Peace," a high diplomatic official observed yesterday, "must come in the night and it may come overnight."

The remark represents the expectancy created by recent discussions of peace and peace proposals in spite of explicit denials from friends of President Wilson and persons connected with the state department that the United States government will make any move at this time.

Mediation in the sense that one of the belligerents may ask the United States to present its peace terms to the other side is regarded as beyond the range of probability.

As pointed out in the Evening Sun earlier in the week the best that diplomats hope for here is that by some action at this time discussion might be brought about among the statesmen of Europe which might result in a suspension of hostilities within six months and the beginning of a peace congress.

Preliminary discussions of a secret and non-binding character are bound to precede any formal discussion of peace terms by representatives of the belligerents. A question raised by certain recent events is whether or not some of the preliminaries have already taken place, whether the open discussion of terms and policy by statesmen of the belligerent nations has not resulted from informal peace queries of a definite nature.

In this connection the movements of Prince von Buelow and his call to the front are referred to. American officials have been much impressed by the fact that the recent public declaration by statesmen of the belligerent nations has indicated a definite change in attitude.

The German government has given every reason to believe that Belgium and northern France will be restored. President Poincaré's recent silence on the question of Alsace-Lorraine and Sir Edward Grey's restatement of the British position, regarded in some quarters as in effect an announcement of a change in policy, are also noted.

"Peace," said a prominent diplomatic official, thoroughly versed in European politics, "must come in the night. If preliminary peace negotiations were well under way the world could hardly expect to hear more on the subject than is being heard to-day."

## 15 SEIZE AN ISLAND IN N. Y. HARBOR

Arrested, Declare That They Represent Disposal Plant Contractors—Bind Watchman.

New York, May 19.—Armed men in launches yesterday took possession of Prall's island, a small bit of Richmond borough territory lying in the harbor, after kidnapping the watchman, James Farmer, whom the vigilant committee of Staten Island Civic league of Richmond borough had placed on guard as part of its fight in opposition to a plan by the city of New York to erect a municipal disposal plant on Prall's island. Some of the leading residents of Richmond have been talking of secession from the city if the plan is established and Farmer had been instructed to prevent anyone from taking possession of the island.

The men who kidnapped Farmer bound and gagged him and took him in a launch to a Brooklyn pier, where he was left after being warned not to return to Prall's island. Releasing himself, he notified the police, who on visiting the island arrested 15 men who, according to the police, said they represented the disposal plant contractors.

Afraid of Boating Train.

Passenger—What makes the train run so slow?

Irate Conductor—If you don't like it you can get off and walk.

Passenger—I would, only I am not expected until train time.—Squib.

## DROPS 5-YEAR ARMY PLAN

The House Committee Votes Down the Daniels Program

WOULD BUILD NO DREADNOUGHTS

Five Battle Cruisers and 25 Submarines by Current Naval Measure

Washington, May 19.—In deciding upon the increase of the navy, the House naval committee yesterday voted to abandon the five-year building program, recommended by Sec. Daniels, and to recommend that five battle cruisers, to cost \$20,433,531 each, four scout cruisers, 10 torpedo boat destroyers, 20 submarines, one hospital ship, one oil supply ship and one ammunition supply ship be built during the 1917 fiscal year. The committee voted 13 to 8 on battle cruisers and submarines.

The five battle cruisers would each carry 10 14-inch guns and have a speed of 35 knots. Under the provisions of the bill the personnel of the navy, including the marine corps, would be raised to about 80,000 men.

About \$150,000,000 more than was authorized last year has been allowed this year by the committee for the construction of new ships. Battleships were not included in the program, according to Chairman Padgett of the committee, because it was thought best to authorize the construction of battle cruisers in their stead inasmuch as there are already 42 battleships in the navy. The majority therefore felt that the navy had more real need of battle cruisers than of battleships. The vote was on strict party lines, the 14 Democrats voting in favor.

The committee unanimously adopted a resolution by Representative Hensley of Missouri, authorizing the president upon conclusion of the European war to invite the world powers to a conference to frame a court of arbitration or other body for peaceful settlement of all disputes between nations and appropriating \$200,000 for the purpose.

## JURY FINDS FOR MRS. WENZ

Brother-in-Law Loses Case Against the Wealthy Chocolate Manufacturer's Widow.

Boston, May 19.—A verdict for the defendant was returned by the jury yesterday in the \$60,000 suit of Franz Wenz of 25 Greenwich park against his sister-in-law, Mary L. (Sullivan) Wenz, widow of the late Henry Wenz, wealthy chocolate manufacturer, and now owner of his business at 40 Ferdinand street.

The suit was for alleged interference with a contract Franz alleged he had with Henry to take him into business as a partner, and for alleged imprisonment in a room in the factory on Oct. 18, 1910, causing him to jump out of a window to escape therefrom and resulting in the breaking of his ribs.

In dismissing the jury from its term of service, Judge Sanderson said to the jurors: "The clerk informs me your money is not ready for you at city hall, but you will doubtless be able ultimately to collect it." The jurors had to sit three days over their term on the case.

Denies Guilt.

Dedham, Mass., May 19.—Gustave A. Perron, a farm hand who was arrested at Raynham Wednesday night after being sought a month, pleaded not guilty when arraigned yesterday on a charge of murder in connection with the killing of Mrs. Anna Perron at Needham April 18. He was held without bail for a further hearing May 27. Mrs. Perron was found dead in her home just before the man she had employed as a farm hand was reported missing.

## MAKING CHILDREN EAT

Nothing is ever gained by forcing a child to eat when it refuses food. Make sure that nothing is being eaten between meals to destroy the natural appetite and if your growing child does not have a healthy craving for good, honest food at mealtimes there is something the matter. Threats of punishment if the child does not eat will not correct the difficulty.

A fitful appetite in a growing child, especially if the patient is pale, languid, nervous, irritable, and without ambition, usually means that the blood is thin. A non-alcoholic tonic such as Dr. Williams' Pink Pills is demanded. During her teens a girl lays the foundation for her future health. Lack of blood at this time may rob her of robust, healthy womanhood. It is of the greatest importance to administer to girls who grow pale and weak a safe tonic and Dr. Williams' Pink Pills meet every requirement of the most careful mother. They make the blood rich and red and it carries renewed health and strength to every part of the body.

Your own druggist sells Dr. Williams' Pink Pills. Send today to the Dr. Williams Medicine Co., Schenectady, N. Y., for the book, "Building Up the Blood." It is free.

## DEPUTY REVENUE COLLECTOR ARRESTED

C. J. Fortman Charged with Demanding and Accepting Bribes from Tobacco Dealers.

New York, May 19.—Christopher J. Fortman, for more than ten years a deputy internal revenue collector, was arrested by the federal authorities yesterday on a warrant charging him with demanding and accepting bribes from tobacco dealers in return for making false reports to the government. His arrest will be followed by that of several other collectors, it was announced by Assistant United States District Attorney McDonald, in an effort to break up a system of alleged grafting which, he said, has cost the government more than \$300,000 within the last ten years.

Fortman was arraigned before a United States commissioner and released in bail of \$3,000 for a hearing on June 2.

FRENCH BUDGET \$1,500,000,000.

Minister of Finance Ribot Asks for Increased Taxation.

Paris, May 19.—The French budget for the third quarter of 1916 exceeds \$1,500,000,000. Minister of Finance Ribot announced when the Chamber of Deputies reopened yesterday. He asked immediate increases in duties on many commodities to meet the heavy war expenses.

The deputies must find new taxes that will produce an added revenue of \$180,000,000, Ribot said. He urged an immediate increase in the duties on alcohol, wine, sugar and tobacco. He urged particularly a restriction on the production and consumption of alcohol, which he declared was paralyzing the national forces of production.

## TWO MOTHERS TELL

How Their Sickly Children Were Made Strong and Well

"For six years our little girl suffered from a bronchial trouble, she had no appetite, could not sleep and was so nervous we had to keep her out of school. The doctors said nothing but a change of climate would help her. We were discouraged when one day a friend asked us to try Vinol, and after taking six bottles she did not look like the same child. She has a fine appetite, is lively, healthy and well, and Vinol did it all." Mrs. F. E. Huford, Iola, Kas.

Another child made strong:—"The measles left my little girl thin and delicate, and the doctor's medicine did not seem to build her up. I read about Vinol and got a bottle, and her improvement was rapid, her strength returned and she is now as well as ever." Mrs. E. Linot, Pittsburgh, Pa.

We ask every Barre mother of a frail, sickly, ailing child to try Vinol on our guarantee to return their money if it does not restore her child's normal health. Red Cross Pharmacy, Floyd G. Russell, Prop., Barre, Vt.—Adv.

When YOU want a piece of Jewelry, come in and see our splendid display.

O. J. DODGE, The Jeweler

226 Main Street Sole Agent for "Boston American" in Barre

## DEPLORE LAX CITIZENSHIP.

Vermont Congregationalists Also Want Less Wide-Open Sunday.

The Vermont Congregational conference, which opened its 121st annual meeting at Bennington Tuesday afternoon, closed its sessions Thursday with the usual resolutions and a visit by the delegates to the historic places and shrines at Old Bennington, the closing service being held at the Old First church with an address on "Some Roots of the Past," by Rev. Isaac Jennings.

One of the practical topics of the convention Wednesday afternoon was the address on "The Church and Motion Pictures," presented by Rev. A. W. Bailey of the Sunday School & Publishing society of Boston.

The speaker took the ground that the motion picture is one of the strongest influences now at work upon the life of the community, greater than the church. He claimed that picture houses were doing more to put the saloon out of business than anything Billy Sunday is doing and that they are also putting cheap vaudeville shows down and out. He spoke of the enormous salaries paid, such as \$870,000 a year to Charlie Chaplin to make a fool of himself, and \$500,000 a year as salary to dainty Mary Pickford, in contrast to the salary paid the president of the United States and other noted men.

Ninety per cent of the children of the country attend the movies, more or less, and while the motion picture is but 14 years old its scope and extent is constantly increasing and it will soon demand a place not only on week days, but Sundays. The speaker thought the quality was steadily improving, but pointed out some of the more serious objections to the themes treated, such as the lowering of the regard for the marriage relation. He urged discrimination in patronizing the entertainments.

"The Duty of the Church to the State" was the theme of the brief address of Hon. Horace F. Graham of Craftsbury. Upon being introduced by the chairman Mr. Graham was received with a round of applause and made a brief address in which he compared the church to a bulwark of the state and pointed out the necessity of loyalty till death notwithstanding difficulty and hardship saying that he who won a soul for God was greater than he who conquered a city.

Among the reports of committees presented at Wednesday's session were the resolutions of the committee on civic justice which urged upon the churches and its people to hold themselves from pleasures and distractions on Sunday, to the extent of attendance at least upon the morning service and Sunday school. Attention was called to the growing indifference to the duties and obligations of citizenship and attention was called to the necessity of impressing upon the youth of the denomination the important place which civic duty should hold in the life of every person. While the verdict of the last March elections is accepted, the adherence to the belief that rational and enforced prohibition is the ultimate solution of the liquor problem is reaffirmed. The use of unfettered wine at communion services is advised. The radical trend of prevailing fashions in women's dress is deplored as are also the unclean in modern fiction and the suggestive hints in moving pictures.

Wednesday's evening session drew a large audience to hear Rev. Dr. Herman F. Swartz, national home missionary secretary and Rev. D. Brewer Eddy of the American board for foreign missions. With two such men in the pulpit the large audience got a vision of a worldwide service it will not soon forget.

The theme of Dr. Swartz was "The Territorial Program." The address of Dr. Eddy had for its theme, "The Challenge of World Christianity."
